Experience

Verizon Media Yahoo Fantasy Sports - iOS Engineer

Summer 2020 - Present, Sunnyvale CA

- Contributed to team initiatives, by developing onboarding flows for the new sports betting offerings, and by fixing existing bugs and crashes

Verizon Media Yahoo Fantasy Sports - iOS Engineering Intern

Summer 2019, Sunnyvale CA

- Developed several iOS features for new Yahoo Fantasy Sports game, Best Ball, including roster view where user's track team players' points using Swift and Objective C
- Improved experience for over 10m users by writing XCTest tests for new models, managing API calls, and adding analytics for metrics tracking

DripDrip Social Hydration iOS App

Fall 2019 - Present

- Improved hundreds of users' health by developing and promoting DripDrip, a social based hydration tracker and reminder iOS app, using Swift, Firebase SDK, MVVM architecture, and the Isenberg Unbundling Strategy
- Currently fine-tuning product and building community rapport within the subreddit r/hydrohomies to gain more users, and to improve the user experience for the current 300+ users

Paysafe Group - Software Engineering Intern

Summer 2018, Sofia Bulgaria

- Optimized team productivity analysis for over 900 employees in 130 teams by writing a Jira extension web app that automates team report writing and task time estimation

One Inc (After School App) - Design Intern

Summer 2017, San Francisco CA

- Achieved over 500k matches in 3 months by designing a new feature in the After School App that helps connect high school students
