Experience

Verizon Media Yahoo Fantasy Sports - iOS Intern

Summer 2019, Sunnyvale CA

- Helped Yahoo Fantasy Sports cater to more casual fantasy sports players by developing several iOS features and flows for new game, Best Ball, using Swift and Objective C
- Improved experience for over 10m users by maintaining existing Yahoo Fantasy Sports app, managing API calls, adding analytics, and writing unit tests for new models using Swift and Objective C

Paysafe Group - Software Engineering Intern

Summer 2018, Sofia Bulgaria

- Optimized team productivity analysis by writing a RESTful API that automates team report writing and database updating
- Implemented API in a Spring Boot web application, allowing team managers to more accurately and efficiently delegate tasks for over 900 employees in 130 teams

One Inc (After School App) - Design Intern

Summer 2017, San Francisco CA

- Achieved over 500k matches in 3 months by designing a new feature in the After School App that helps connect high school students
- Helped ideate and prototype new product for One Inc, targeted towards university students

Okapi Rental Property Management

Spring 2019 – Present

- Led front-end development and product design on an Agile team to develop a Rails web application that helps landlords monitor and automate the replacement of their properties' air conditioning filters
- Currently working to bring the product to market, and refactor code

Personal iOS Development

Fall 2017 – Present

- Developed and submitted three iOS apps to the Apple App Store: a beautiful two-player tic tac toe game, a social water reminder, and a flight search app for college students
- Currently gaining users to learn how to improve my apps and how to build better products

Braeswood Brand

Fall 2017 – Spring 2019

- An entrepreneurial endeavor aiming to provide enhanced user experiences to under-served and out-dated online markets
- Latest venture: the Standard Drum Company, a brand selling a small selection of products for hobbyist drummers

Education

Texas A&M University

Fall 2016 – Spring 2020, College Station

Major in Computer Science

Minor in Art, New Media

GPA: 3.38

Major GPA: 3.58

Skills

Languages

C++, Swift, Spanish, HTML, CSS, C, Javascript, Java, Objective C, Ruby, Python
